

SUPPLY LIST

DAISY FILL TABLE TOPPER

Jenny K. Lyon

- Bring the machine you would really free motion with at home, if possible.
- Manual for your machine.
- Free Motion or Darning foot for your machine- open-toed is best. Bring a closed toe darning foot if that's what you have. The foot usually has a spring on it. You do need this for the class. Put it on your machine before you come and lower the needle to make sure it fits and a fabric sandwich can move with it on. If you don't have the right foot, you cannot free motion quilt so I want to make sure you have the right one!
- Blue wash out marker.
- 2 spools of quality thread- Aurifil #50 or other lighter weight *quality* thread. You'll want 2 colors that will look great against the fabric you chose. You can use a high quality polyester thread also.
- 1 wound bobbin of one of your thread choices.
- Extra bobbin-empty.
- Ruler 18-24" long (students can share-we only use it once)
- Sharp, short, sturdy scissors for the cutwork.
- 2 different 30" widths of quality quilting cotton-solid or near solid.
- Enough 2-sided fusible product to fuse your 30" x 44" fabrics together.
- Size 90/14 topstitch needles for your machine.
- Scissors for snipping threads.
- 15 sheets of unlined paper for practice.
- Pencil & notepad.

NOTE: We'll break for a ½ hr lunch-it's probably best to bring your own.

15 Minutes of homework before class:

Fuse your two quilting fabrics together with a thin 2-sided fusible product like Steam-a-Seam2 or Misty Fuse. Fuse with right sides out and the fusible between.

Bring only if you already have these:

- Bed extender that came with your machine or your Sew Steady table.
- Teflon machine bed cover such as Supreme Slider.
- Straight stitch throat plate.
- Machine quilting gloves.
